

Caldwell Marine International, LLC is seeking a SENIOR MARINE SUBSEA SURVEYOR

Caldwell Marine International, LLC is seeking candidates for the full-time position of Senior Marine & Subsea Surveyor.

This is an interesting and challenging senior-level position that would involve the setup, operation, and oversight of all company-performed marine survey operations. These operations would be related primarily to Caldwell's Differential Global Positioning Systems (DGPS) as applied to subsea power cable installation. In addition, preferred candidates should have familiarity in the installation, operation and maintenance of related marine and subsea equipment.

Ideally, successful candidates would have experience in the following disciplines:

- Experience in the setup and operation of marine navigation software suites such as WinFrog, HYPACK DredgePack, etc.
 - Experience in the operation and maintenance of marine electronic equipment such as DGPS systems, radio modems, echosounders, subsea cameras and other related equipment.
-

Travel is required.

We offer competitive salary and benefits including PTO, medical, dental, vision, life, short- and long-term disability, flexible spending and a 401k retirement plan with company match.

Interested candidates should forward their cover letters and resumes to:
